		Section 2.2.2, page 11 of the RFQ states the requirement for prequalification in Work Classifications No. 7 (Road Construction and		
1		Rehabilitation) and 10 (Major Bridges). Similar to the allowance for joint venture partners – If a construction contractor is prequalified in only	1	
	Question:	one of these classifications and has a major subcontractor prequalified in the other, may these individual pre-qualifications be combined to		
		satisfy this requirement?		
	Response:	No. The qualification requirements for this project require the Construction Contractor to be pre-qualified in the classifications of work		
		required for the project. Contractors may combine pre-qualifications by the formation of Joint Ventures. Sub-Contractors may not be used to		
		fulfill these requirements		
	Question:	Are there any special forms that the JV must submit prior to submission of the SOQ?		
2	Response:	The sections of the RFQ regarding pre-qualification and submission requirements for Joint Ventures have been revised and will be provided	F	1
		as part of Addendum No. 1		
	Question:	Does the Joint Venture just submit the letter described in the Bid Manual with the SOQ?

PROJECT NAME: REHABILITATION OF BRIDGES 03761, 03762, 03764, 03765 IN BRIDGEPORT

PROJECT No.: 0015-0363
TOWN/CITY: BRIDGEPORT, CT
DATE UPDATED: Friday, May 09, 2014

No.		QUESTION DETAILS	STATUS	ADD. No.
19	Question:	Section 2.3.1 states that with its "Declaration of Joint Venture" the joint venture Proposer must identify which parts of the work each firm which compose the joint venture is responsible. The purpose of a joint venture is to synthesize the strengths of each partner into an integral whole. The different aspects of work required on this project will be carried out by a combined effort of both joint venture partners and do not lend themselves to subdivision. Please reconsider this requirement for the Statement of Qualifications.	F	2
	Response:	The language of that section asks for an explanation of the work each firm will do. If more than one JV partner intends to perform a given item, multiple firms may be indicated. If it is in fact a synthesis of effort, then the Proposer should have a Declaration of Joint Venture and an explanation, that clearly explains this and how it relates to their shares and responsibility for the work. Proposers are cautioned however that yague proposals will not receive, favorable ratings		
20	Question:	Due to the scope of this project falling in the \$30,000,000 to \$40,000,000 range, can the Project Executive also serve as the Project Manager	F	2
	Response:	This question has been addressed in Section 2.3.2 of the RFQ as part of Addendum 2	1	
21	Question:	Section F of forms D255 and C255 limit the projects to be listed to the past 5 years. Can this period be extended to the past 10 years to more completely encompass the experience of the Proposers?	F	2
	Response:	The Department has revised the timeframe to 10 years. This is reflected in the SOQ forms revised by Addendum 2		
22	Question:	The Statement of Work Under Contract form page 2 (Addendum #1, RFQ Pages 48-49), states, "Contact the Contracts Unit if you need more space in the document." Additional space is required. Could this form be re-issued as an excel file similar to the standard DOT Part C form which is provided in Excel format?	F	2
	Response:	The PDF form has been revised to contain additional pages as part of Addendum 2. Please see the new form for instructions.		1
23	Question:	Would you please clarify some information on Project No. 15-363, Bridgeport Route 8 Bridges RFQ (CSO #2226). According to the RFQ documents, I believe you are seeking RFQ's now for Design Build teams, and RFP's to short list are targeted around August. The Scheduled for Advertising DOT list http://www.ct.gov/dot/lib/dot/documents/dfiscalprojects/advschedule.pdf has this project targeted for October??? There seems to be a conflict of info, and I just want to be sure to provide the correct dates and status to our customers.	1	
	Response:	The RFQ advertised at "http://www.biznet.ct.gov/scp_search/BidResults.aspx?groupid=64" or the CT DAS Contracting portal for Department of Transportation Bids and RFPs Solicitation # 2226 contains the schedule for the Qualifications phase of this project. The RFP will be given to the shortlisted firms after the Qualifications phase. Please visit that site and review the RFQ documents for the RFQ phase.
